OFFICE OF THE DEPUTY COMMISSIONER KOLAR. 25 NOV. 1927 GI. 5776

Letter No.910 dated the 20/21st Septr.1927 from the Executive Engineer,Kolar to the President.District Board,Kolar.

I have the honour to state that the portion of the Mulbagal Goribidnur road between the 24th mile stone and 54th mile stone is in a bad condition and it is found impossible to improve the road with the present mileage allotment of Rs.110/-per mile. The road passes the important Taluk centres of Chintamani,Sidlaghatta and Chickballapur and the traffic is very heavy No burnt metal or quartz metal is avaiable between miles 38 and 52 and even laterite has to be got from long distances The lengths running with-in the town limits of Chintamani and Sidlaghatta are very bad. The drainag arrangements for leading the rain water from the Amabajidurga and neighbouring high ground are not satisfactory and the road is being cut up during every rain. In order to copy with these difficulties and bring the road to a better condition, a higher mileage grant is necessary. I recommend that the District Board may increase the allotment for this length of 20 miles to Rs.150/- per mile. The extra grant will be Rs.800/-. I request that this higher grant may b given from 1928-1929
